With 4,301 international F-1 and J-1 students, GT ranks 28th for hosting international students (among doctorate-granting universities in the U.S.).

Over the past five years the 6-year graduation rate for students who studied abroad averaged 96.8% compared to a 75.1% graduation rate for students who did not study abroad.

International students at GT contribute over $120 million to the local Atlanta-area economy.

The number of students participating in international programs has increased by 42% in the past five years.

48% of B.S. recipients study or intern abroad prior to graduation (increased 2%; the GT Strategic Plan goal is 60%).
"I feel much more equipped to interact with people from any international background. While working in research and development for the oil industry, I found that there was a demand for my willingness and capability to work on cross-cultural teams. Oil companies have field positions in over 100 countries, so my ability to adapt and respond well to new cultures is critical.”

– Hannah Oermann, ’13, B.S. ME-IP
