- AE - 10

Total of 81 Graduates to Date

COE: IP Participation as a Percentage of Enrollment, by Major

- AE - 6%
- BME - 7%
- CE - 6%
- CompE - 5%
- EE - 5%
- EnvE - 5%
- ISyE - 7%
- ME - 5%
- Und. - 4%
- Total - 6%

10% Goal

“In my current role as a supply chain adviser at Dell, I interact with multiple team members in Singapore and China given that we have a sizable manufacturing and supply chain footprint in Asia. Given that I spent a semester each in both these countries, I can better communicate, interact and build personal relationships.”

Vineet Desai, ISyE - IP ‘12
COE had a 49% increase in outgoing student exchange, with participants studying at 35 partner universities in 19 countries.

Asian partner universities hosted 58% of COE’s exchange students.
“So many Engineering companies nowadays are looking to be more and more diverse, many work constantly with companies in other countries and having interacted with other cultures through Georgia Tech gives you a very big plus in the eyes of recruiters.”

-Cristina Sanchez, EE - IP, 2014-15 TU Munich exchange abroad in Germany & intern at BMW
COE continues to lead growth in international student enrollment and hosting of exchange fellows and scholars. Mirroring nationwide trends, the continued increase in Chinese students and scholars is a major contributor to overall growth.
IN COMING

4,416 int’l students
1,009 int’l scholars
120 countries of origin
