Dear Dean Royster,

For the last 10 years, the Office of International Education (OIE) has prepared reports that highlight your College’s accomplishments in sending students abroad. We are expanding the report this year to include information about international students, scholars, and interns who study and conduct research at GT and information about the International Plan.

This report covers Fall Semester 2012 through Summer Semester 2013. The data used to prepare this report comes from databases OIE maintains, from Institutional Research and Planning’s online resources and from national data released by the Institute of International Education.

We are grateful to the Ivan Allen College of Liberal Arts for the commitment to international education. We look forward to collaborating with your faculty and supporting your students to ensure that the College and the Institute continue to excel and lead in international education.

Respectfully,
Amy Henry
Executive Director of International Education

GT International Education Accolades

• 46.6% of B.S. recipients study, work or research abroad prior to graduation; the national average is 13.8%.

• GT is ranked #28 in the world for teaching, research, knowledge transfer and international outlook by the Times Higher Education poll.

• In 2012-13, GT international students contributed more than $125 million to the Atlanta-area economy.

• GT is a leader in sending engineering students abroad. Nationally, the percentage of engineering students that study abroad is 3%. Engineers at Tech make up the largest group of students abroad at over 57% of the total abroad in 2012-13.

• In the U.S., GT ranks:
  • 29th for hosting international students.
  • in the top 40 universities that host J scholars from abroad.
“[The International Plan] has given me a strong foundation of intercultural understanding on which to base future work and life decisions. I truly feel prepared to apply myself to any problem I encounter, in a global context.”
- Samuel Steed, B.S. International Affairs and Modern Languages - International Plan, ‘11
58% of IAC B.S. recipients study, work, or conduct research abroad before graduation.

IAC students went to 28 countries on 29 different programs.

128 IAC students participated in experiences abroad during 2012-13.

"[Study Abroad] truly aided my development as a person and the development of my future. My program deepened my academic knowledge while I became more of a global citizen. The experience was absolutely wonderful. It changed my life."

- EU Brussels Program Participant 2013
