Recommended IP International Experiences for BIOMEDICAL ENGINEERING

The programs below offer coursework for your major and/or degree and have already been approved by your academic unit for the IP. Internships/research options are not guaranteed and not all programs are offered every term. Keep in mind with the Intern/Research options that your two programs MUST equal 26 weeks or more. Bolded programs are “Preferred Programs” for your major and are known to offer BME courses likely to transfer.

Before going abroad for the first time, you must declare your intended international experiences on the IP International Experience Approval Form found at: http://oie.gatech.edu/ip/declarationform
